2019 New England Regional Meeting Logistics

We are looking forward to your attendance at the ALPhA New England Regional Conference on Thursday, June 13. We anticipate a wonderful gathering of regional colleagues coming together for a networking slam-share, workshops on all types of advanced lab experiments, and talks on Optics & Photonics. We are glad you are going to be with us!

Before you come: prepare for the ALPhA Slam
During the ALPhA Slam, each attendee will get 3 minutes to speak, showing up to 3 powerpoint slides. The purpose is to network, so prepare something that introduces yourself to the group, tells what you are interested in learning about, or what you have been working on related to the advanced lab. Show off your own-built lab apparatus, a favorite pedagogical approach, a new analytical method, or just questions you have. Send in your Slam slides (preferably including your name and photo on one slide), by June 12 to troach@holycross.edu.

Arrival
You should plan to arrive between 9:00 - 9:15 am and park in the Hogan parking lot, which is up the hill (south) of campus on College St. Make sure to leave yourself about 10 minutes to walk from the Hogan parking lot to the Integrated Science Complex – it’s downhill but the path is not so direct. Opening Reception is in the Swords Science Atrium. Check in, pick up your name tag, and then grab some coffee. We will get started at 9:30 am.

Directions and Campus Map
Attached is a pdf campus map with relevant locations highlighted for reference. Directions and other maps can be found at https://www.holycross.edu/maps-directions-transportation-and-parking.

Parking
The attached pdf map shows in blue the suggested parking in the Hogan visitor lots. You may also be able to find spots on College St or in the parking garage on lower campus. Handicap parking is available along Haberlin Rd, contact us for information.

Lodging
If you plan to stay overnight, there are many hotels in Worcester, though none within walking distance of campus. One option is the Hilton Garden Inn on Major Taylor Blvd.

Departure
The closing reception is from 4:30-6 pm. If you are driving, you should be able to get on the road by 6 pm.

Please let me know if you have any questions,

Timothy Roach
Associate Professor of Physics, College of the Holy Cross
New England Regional Director for ALPhA
